

These policies were developed utilizing the guidance of the Centers for Disease Control (CDC) and to meet the requirements of the Ohio Department of Health (ODH). Our goal is to open to a safe and fun 2020 season amidst this COVID-19 pandemic. Safety is our priority for our entire community, including members and staff.

New Policies for 2020 Season:

- Each member or family must sign a COVID-19 waiver for the 2020 season.
- Members must not come to the Club if they feel ill, have symptoms of COVID-19, or live with someone who is positive for COVID-19. These symptoms include shortness of breath, cough, sore throat, fever, chills, muscle aches or loss of taste or smell. Temp check prior to arrival at pool is required.
- There will be a strict cleaning and disinfecting schedule of restrooms and other high touch surfaces following ODH requirements and CDC guidelines.
- Signs will be posted throughout the Club regarding COVID-19 information and prevention behavior as required by the ODH.
- Capacity at the Club during this time is 100 members. Due to the size of our Club, we do not anticipate the need for a reservation system. This could change during the season.
- There will be no guests this season to allow our members maximum access to the Club.
- Members must respect and maintain 6-foot physical distancing at all times from others not living in the same household including at entrance and exit, in seating areas, in the pool, on deck, at diving board, grill, snack bar, in restrooms, etc.
- Entrance and exit of the Club will be at the gate.
- There will be a daily sign in and out log at the table upon arrival. This will enable our staff to track how many members are at the pool and stay within ODH compliance. By signing this log sheet, the member/family is confirming they have no symptoms of illness. There will be hand sanitizer available at sign in.
- Follow the marked arrows for direction of foot traffic. No standing or sitting in walkways.
- Seating around the pool must be at a 6-foot physical distance from other households. Look for visual markers in seating areas.
- No chairs will be provided by the Club. Members may bring their own chairs, beach umbrellas, and toys. No pop-up tents permitted. No sharing of toys and equipment. All items must be taken with the member at the end of their stay.
- No Lost and Found. All left behind items will be left outside the gate at close of the Club and taken to the dumpster at opening the next day.
- Picnic tables and round tables around the Club and under the cabana may not be moved. Cabana capacity is 6 family groups (one per table). Tables may not be shared with other

NORTH HILLS SWIM CLUB

households. Please wipe down tables before and after use with cleaning supplies provided by Club.

- Members must remove their own trash from the Club. Bagged trash may be put in the dumpster upon leaving. Remember to bring bags for your trash. Bags will not be provided.
- The guards will be wearing masks at entrance, in office, in snack bar, when in contact with members and when cleaning. They will not wear masks in lifeguard chairs due to safety concerns.
- Masks may be worn by members but are not required. No masks are to be worn in the pool due to safety risks.
- Restrooms will be open with toilets and sinks available. Only 1 shower and 1 changing stall will be available to reduce high touch surfaces and the cleaning load on the staff. Restroom capacity is 3 people.
- The Snack Bar will open but with limited prepackaged offerings. No touch payment method will be used (ie. Froggie bucks). Ice will only be available at the window distributed by staff.
- The member kitchen, including microwaves, refrigerator, lockers, ice machine, utensils, sinks, etc. will not be available to members
- Grill will be available for use, but members must bring their own grilling utensils and take home to wash. Please be respectful of 6-foot distancing during grill use.
- At the diving boards, the snack bar and the entrance there will be 6-foot distancing marks on the ground for waiting.
- Basketball, cornhole, tetherball, the ring game, the slide, and kiddie play equipment are not available at time. If the Governor opens playgrounds, the Board may reevaluate these items.
- In the case of inclement weather, members will be asked to wait in their cars. If a member does not have a car at the Club, there is limited space in which they may wait. Social distancing of 6 foot cannot be guaranteed.
- All members must report if they test positive for COVID-19 to Cliff Shrive (646-4886) or Kara Hlebak (535-1636)
- In the event a member or employee tests positive, the Club will notify the ODH and follow guidelines for disinfection. This may cause a temporary closing of the Club for deep cleaning and disinfection.

Please be aware that these policies could change during the season based on CDC or ODH requirements or member conduct.
